

ILHAM SOEJUD ALKAHFIARDY

Front End Developer

Malang Regency, East Java | ilhamyusuf386@gmail.com | +628983474756 | <https://alkahfiardy.com/> | <https://www.linkedin.com/in/ilhamsoejudalkahfiardy/>

Frontend Developer with 1.8 years of experience in developing modern web applications using Next.js, React.js, TypeScript, and Tailwind CSS. Experienced in building responsive user interfaces, integrating RESTful APIs, and implementing clean code practices and application performance optimization. Accustomed to working in Agile environments and collaborating across teams with developers, content creators, and KOLs to deliver digital solutions based on user needs. Experienced in developing various types of projects, including admin dashboards, SaaS platforms, AI tools, landing pages, company profiles, and internal tools used by more than 50 active users.

Area of Expertise

- **Framework and Libraries:** Experienced in developing web-based projects using CodeIgniter, Laravel, React.js, Next.js, Bootstrap, Tailwind CSS, and TypeScript, with strong proficiency in relational databases such as MySQL and PostgreSQL.
- **API Development & Integration:** Experienced in building and integrating RESTful APIs.
- **Version Control System:** Highly proficient in using Git for version control, as well as collaboration tools such as Jira, Notion, and Trello.
- **Web Design:** Experienced in designing UI/UX using Figma with a strong sense of design and user experience.
- **Teamwork:** Experienced in working collaboratively within teams using Agile environments and Scrum methodologies.
- **Others:** Skilled in using design and productivity tools such as Figma, Canva, and Microsoft Office.
